

UHNMAC Array Services Price List

All of the prices below include the cost of the actual service (standard sample labelling, hybridisation, scanning) and the cost of the array. Amplification of small RNA samples is also available for an additional fee. Data analysis is **not** included in the price listed below. Data analysis is available for an additional fee (\$100 per array). The prices listed are for academic groups only; commercial customers should contact us for a quote.

Gene Expression

Array Type	Cost per array (1-10 arrays)	Cost per array (11+ arrays)
27K Human cDNA (19K + 8K)	\$440	\$380
19K Human cDNA	\$340	\$280
10K Human cDNA	\$340	\$280
8K Human cDNA	\$330	\$270
22.4K Mouse cDNA (15K + 7.4K)	\$380	\$320
15K Mouse cDNA	\$420	\$360
7.4K Mouse cDNA	\$320	\$260
6.4K Yeast ORF	\$300	\$250

DNA Methylation

Array Type	Cost per array (1-10 arrays)	Cost per array (11+ arrays)
15K Human CpG island array	\$400	\$350
12K Human CpG island array	\$320	\$270
8.1K Human CpG island array	\$320	\$270
4.6K Mouse CpG island array	\$310	\$260

UHNMAC Array Service Price List (revised October 2009)

UHN Microarray Centre
101 College Street, TMDT Rm 9-301
Toronto, Ontario
Canada M5G 1L7
Telephone: 416-581-7623
Email: geneservice@microarrays.ca
www.microarrays.ca

ChIP-Chip

Array Type	Cost per array (1-10 arrays)	Cost per array (11+ arrays)
15K Human CpG island array	\$400	\$350
12K Human CpG island array	\$320	\$270
8.1K Human CpG island array	\$320	\$270
4.6K Mouse CpG island array	\$310	\$260

All prices subject to change without prior notice.
